5 April 1956

MEMORANDUM FOR: Deputy Project Director

SUBJECT:

25X1

1. In order to provide for maximum percentage of personnel on board at the commencement of the training period on 7 May, the staff has been requested to expedite action on certain of the airmen currently in processing. A review of our airmen situation follows:

a. We currently have four airmen cleared and on duty. They are:

25X1

b. Two more have reported for duty but have not obtained clearances yet. They are:

25X1

c. The other 13 airmen have not reported to Washington for processing and in the case of three of these individuals, no nominations have been received as of this date.

2. Personnel have been requested to expedite clearances on individuals to fill the following spaces:

a. Aeromedical Specialist (two individuals to fill this one space are currently undergoing medical and polygraph testing in a TDY status. Whichever completes the testing first will be operationally cleared for duty at Watertown and ordered to report ASAP.)

b. Aeromedical Technician (three individuals are currently undergoing testing and will be handled in a manner similar to that explained for the specialist.)

SECRET

SUBJECT: [REDACTED]

- c. Supply Supervisor.
- d. Warehousing Supervisor.
- e. Warehousing Specialist (2).

Note: The supply positions are all filled by name, but individuals have not reported, been cleared or tested. It is intended that they be ordered to report ASAP, that they complete their testing, and subsequent to that time be given an operational clearance for duty outside Headquarters. It is desired that these individuals report as soon as possible to [REDACTED] at [REDACTED] for two weeks indoctrination at his location. This would enable them to arrive at Watertown about the same time that the operations personnel would be in a position to start the flying training phase of the program.

3. It is recommended that the maximum number of personnel available for duty on 7 May report to Watertown. If at that time the squadron would be in the way of any rehabilitation functions which might be occurring on the base, the ground phase of the training program under the guidance of the 4070th Support Wing could commence either at [REDACTED]

4. Attached are the most optimistic figures on strength as of 7 May.

[REDACTED]
Colonel, USAF
